The unity of entrepreneurs in the cosmetic industry in Thailand.

Since 2014

We started from a group of Thai cosmetic clusters, which was established on May 22, 2014. Under promotion to be a fully developed industrial group with supervision and support from the Office of Industrial Management Development, Department of Industrial Promotion Ministry of Industry. It is an important starting point in the development of integration and connects the Thai cosmetic industry continuously for 5 years until being upgraded to "Thai Cosmetic Cluster Trading Association" on January 28, 2020. We have expanded our membership base to create development and growth of the Thai cosmetic industry throughout the industry chain.

We are the same team.

An association established for the gathering of entrepreneurs in the Thai cosmetic industry. We drive this industry with the love and unity of our members. In order for Thai cosmetics to build a reputation, be known and create trade alliances around the world.

Website: www.ynia.net

The Yangtze River Delta Nonwovens Industry Association has been formed to promote the healthy and sustainable development of the nonwovens industry in the area. It is the only government formally approved, trans-province, non-profit nonwovens industrial association in China.

China's Yangtze River Delta is not only the cradleland of China Nonwovens industry, but also its R&D, education and industry center in China. In the past 10 years, the nonwovens industry in Yangtze River Delta has become known for its the volume of business startups and extraordinary pace of development. Spun-melt, spun-laced, needle-punched nonwovens products and nonwovens machinery manufacture have been emerged in the area.

The Association will adopt part of the management function originally carried out by the government, devote to standards constitution, training, consulting, information, technical exchange & technology transfer, statistical data collection, etc.

More ever, the nonwovens manufactures in this area can offer products involved:

- ※ Medical and health care, hygiene: surgical sterile dressings, caps, masks, shoe covers, surgical gowns
- ※ Hygienic materials: sanitary napkins, baby diapers and etc.
- ※ Wadding
- ※ Substrate for coating and laminating: synthetic leather substrates, shoe linings
- ※ Automobile interiors: door trim pads, rear shell panels, carpets etc.
- ※ Furniture industry: wall materials, carpets etc.
- ※ Filter media: filtration felts, coffer filter paper, filtration paper etc.
- ※ Household and industrial wipes: tissue wipes, cleaning wipe etc.

广东无纺布协会

GUANGDONG NONWOVENS ASSOCIATION

Guangdong Nonwovens Association (<http://www.gdna.com.cn>) Established in 1986, it is the earliest social organization in the non-woven fabric industry in China with legal personality. The association has grown vigorously with the rapid development of the industry. We currently have over 150 member enterprises, covering the entire industry chain of non-woven fabric and industrial textile rolls and products processing, raw materials, functional additives production, equipment manufacturing, professional colleges and research and testing institutions.

For a long time, Guangdong Nonwovens Association has played the role of assistant and adviser to the government departments while acting as a bridge and link, advocating the concept of leading the industry with technology and winning the market with quality to provide various effective services to member units. It also focus on mutual communication with peers at home and abroad, gaining recognition from member units and peers, and establishing a good brand image.

In the battle against the epidemic, we will fully leverage the advantages of our industry and associations, cooperate with the government to launch a rapid response mechanism, and take the lead in providing accurate lists of key production enterprises to the Provincial Department of Industry and Information Technology and other departments; Quickly establishing a direct channel between government and enterprises, resolving various emergencies in the production process in real time, and delivering a satisfactory answer to the government and society. Guangdong Nonwovens Association was awarded the medal of "Enterprise with Important Contribution to the Material Support Work for the Prevention and Control of COVID-19 in Guangdong Province".

In the future, we will combine industry development trends and strive to improve our service capabilities to promote the high-quality development of Guangdong's non-woven fabric industry.

Dear Exhibitors and Visitors,

We warmly welcome you to the Asia Nonwovens Technology Expo (ANTEX Asia 2024). It is our pleasure to extend our heartfelt gratitude to all exhibitors, partners, and supporting organizations for their invaluable contributions to the successful hosting of this event.

As the first dedicated nonwovens show in Southeast Asia post-COVID, ANTEX Asia is strategically located in Bangkok, Thailand—the heart of a rapidly expanding nonwovens market. ANTEX Asia offers opportunities to explore emerging applications, identify key trends in the field, and understand the groundbreaking technologies that will drive the development of nonwovens, particularly in the automotive, filtration, healthcare, hygiene, medical, and personal care sectors.

Organized by a team of industry leaders with decades of experience, ANTEX Asia promises to be a premier event for knowledge exchange, networking, and technological innovation. In addition to the exhibition, the ANTEX Asia Nonwovens Conference 2024 will provide valuable insights into the latest market trends in both the global and Southeast Asian markets, technological developments, and sustainability trends in healthcare and the circular economy. In conclusion, ANTEX Asia is poised to play a pivotal role in shaping the future of the nonwovens industry. We are confident that this event will offer solutions and business opportunities that will elevate your endeavours to new heights.

Thank you for being part of this exciting journey!

Welcome Message

Dr. Chanchai Sirikasemlert
Executive Director
Thailand Textile Institute (THTI)

The Thailand Textile Institute (THTI) is thrilled to announce the opening of the highly anticipated Asia Nonwovens Technology Expo (ANTEX Asia 2024) — a remarkable showcase of Southeast Asia's nonwoven industry aspirations.

Set in Bangkok, Thailand, ANTEX Asia is poised to enhance the country's competitiveness in the global nonwovens market, serving as a vital catalyst for growth and development across the ASEAN nonwovens industry. By bringing together diverse stakeholders, we aim to foster innovation and progress, creating valuable insights and connections that will unlock new opportunities for both Thai and international enterprises across various sectors.

The Thai textile industry is currently adapting to a new era, focusing on creating added value through advanced innovation and technology, with an emphasis on sustainable development. We recognize the potential and readiness of Thailand. We strive to promote trade and investment in the nonwoven industry, aiming to push Thailand to become the production and export hub in Southeast Asia. To this end, we are pleased to collaborate with ANTEX Asia Ltd. to organize this inaugural event. We look forward to exchanging knowledge, ideas, and networking opportunities.

Welcome Message

Mr. Niwat Lersnimitthum
Chairman
Thai Nonwoven Fabrics Industry Trade Association

Ladies and Gentlemen, esteemed guests, and industry leaders,

Good morning, the Thailand Nonwoven Fabrics Industry Trade Association (TNFA) is pleased to welcome you to the Asia Nonwovens Technology Expo 2024 (ANTEX Asia 2024). It is a great honour and privilege for me to stand before you today as we come together for this remarkable event that showcases innovation, collaboration, and progress in the Nonwovens industry.

As a leading hub in ASEAN for nonwoven production and usage, Thailand is proud to host this prestigious event. In a rapidly changing environment, the nonwoven industry has demonstrated remarkable resilience and continues to grow, driven by the expansion of related sectors such as medical, hygiene, and automotive, as well as a global shift towards sustainability.

We believe that promoting Thailand as the production and export center for the nonwoven industry in Southeast Asia offers immense benefits. These include economic growth through increased investment and expanded exports, as well as the development of related industries. Such initiatives will further enhance Thailand's image as a leader in technology and innovation within the region.

Hosting ANTEX Asia 2024 is a crucial opportunity to showcase Thailand's capabilities and readiness to the international community. It builds confidence and attracts investment while facilitating the exchange of innovations and technology between businesses and global buyers.

We are confident that ANTEX Asia will play a leading role in shaping the future of the nonwoven industry, inspiring all exhibitors and visitors towards greater success.

I encourage all of you to connect, collaborate, and be inspired. Let's work together to drive this industry forward, embracing the innovations that will help us create a more sustainable and prosperous future.

I would like to thank the organizers of Asia Nonwovens Technology Expo 2024, our partners, exhibitors, and participants, for making this event possible. Your dedication and hard work have created an excellent platform for knowledge exchange and industry growth.

Thank you, and I look forward to seeing the incredible innovations and partnerships that will emerge from this year's expo.

Let's make this event a milestone for the future of nonwovens and a powerful statement for sustainability. Thank you.

Welcome Message

Assoc. Prof. Dr. Toemsak Srikhirin **Executive Director** **National Metal and Materials Technology Center**

On behalf of the National Metal and Materials Technology Center (MTEC), we would like to extend our warmest congratulations to the organizing committee of the Asia Nonwovens Technology Expo (ANTEX Asia 2024) for an exceptional and successful event.

ANTEX Asia 2024 has once again proven to be a vital platform for showcasing cutting-edge technologies and innovative solutions in the nonwoven industry. This expo has facilitated valuable networking opportunities and strengthened the collaboration among industry leaders, researchers, and experts across the region.

Your tireless dedication to organizing such a world-class event has greatly contributed to advancing the nonwoven technology sector in Asia. MTEC is proud to support and celebrate your efforts in pushing the boundaries of innovation and technology.

We look forward to future collaborations and to seeing ANTEX Asia grow from strength to strength in the years ahead.

Congratulations once again on this remarkable achievement!

Welcome Message

Shelly Chien
Chairman

Taiwan Nonwoven Fabrics Industry Association (TNFIA)

On behalf of Taiwan Nonwoven Fabrics Industry Association, we would like to extend our heartfelt congratulations to Thailand Textile Institute (THTI), Thai Nonwoven Fabrics Industry Trade Association (TNFA), MGT, Baobab Tree and Tradelink on the successful launch of ANTEX in Thailand. This event marks as a significant milestone in showcasing the advancements and innovations within the nonwoven fabrics industry, driving growth, sustainability, and collaboration across the sector.

Thailand holds a prominent economic position within Asia, with a diverse and steady growing economy fueled by tourism, agriculture, manufacturing, and exports. Known as the second-largest economy in Southeast Asia, with advantages in its' strategic location as a trade hub, connecting the region with markets in China, India, and other ASEAN countries. As one of Southeast Asia's key players in nonwovens, Thailand has seen a rise in investment in modern production technologies, enabling the manufacture of high-quality, specialized products for both domestic and international markets. The nonwovens industry has emerged as a vital component of the country's industrial landscape, driven by increasing demand in sectors such as healthcare, hygiene, automotive, and agriculture.

2024 marks as a significant year with focus on innovation and sustainability, Thailand's nonwoven Industry is well-positioned to continue expanding and meeting the evolving needs of a wide range of industries. We are delighted to witness this milestone and look forward to further opportunities for collaboration and mutual growth between our associations together with Asia Nonwoven Fabrics Association (ANFA).

Warmest congratulations once again, and best wishes for continued success in all future endeavors.

Welcome Message

Socrates Ng
President
Hong Kong Nonwovens Association

Hong Kong Nonwovens Association (HKNA) would like to congratulate the successful launch of Asia Nonwoven Technology Expo (ANTEX Asia 2024), the dedicated nonwoven industry event for South East Asia in Bangkok, Thailand.

The exhibition is held after the world has gone through the unprecedented Covid pandemic, which has enhanced tremendously the global recognition and necessity of the nonwoven products. At the same time, the demand on nonwoven fabrics and applications in various industries in healthcare, medical, filtration, automotive, construction, geotextile, packaging and footwear, etc. are all entering an exciting fast growing new chapter. Southeast Asia provides a vast potential market and great opportunities for the nonwoven suppliers and manufacturers.

Hong Kong Nonwovens Industry started more than 40 years ago and Hong Kong Nonwovens Association (HKNA) was established in July 2000. HKNA members are dynamic and creative. With its unique commercial and managerial experiences, HKNA plays a key role as a BRIDGE between Southeast Asian countries, China and the rest of the world in the nonwoven industry. HKNA would be the connector integrating the different needs in different regions and countries in the global nonwoven market.

On behalf of HKNA, I would like to extend my full support for ANTEX Asia 2024 and wish all the exhibitors and the organizers a big success.

ANTEX Asia Nonwovens Conference 2024

DAY 1- 13 November, Wednesday

Nonwovens Market Overview in Asian Region

11:00 - 11:30

Keynote Speech - Sustainable Development in Textiles: Pioneering New Frontiers in the Nonwoven Industry

Dr. Chanchai Sirikasemlert,

Executive Director, Thailand Textile Institute (TTI)

11:30 - 12:00

Keynote Speech - Current Status & Prospect of Thailand's Nonwoven Industry and Strategic Roles of the Nonwoven Industry in Thailand's Economic Growth

Mr. Niwat Lersnimitthum,

Chairman, Thai Nonwoven Fabrics Industry Trade Association (TNFA)

Director and Managing Director, Tietex Asia, Ltd

12:00 - 12:30

Nonwoven Market Update in Asia in 2023

Mr. Kazuaki Baba,

Secretary General, Asia Nonwoven Fabrics Association (ANFA)

Market Opportunities and Development on Nonwovens in Asia

14:00 - 14:30

Technology Development of Nonwovens and Current Status in Thailand

Dr. Chureerat Prahsarn,

Principal Researcher, Advanced Polymer Technology Research Group (MTEC)

14:30 - 15:00

The Role of Hong Kong in Driving Nonwoven Market Growth in Southeast Asia

Mr. Yu Man,

Founding President, Hong Kong Nonwovens Association (HKNA)

Mandarin
Session

15:00 - 15:30

Hygiene and Nonwovens Market of India - Key Opportunities for the Globe

Mr. Kanav Gupta,

Associate Director, Business Co-ordination House (BCH)

15:30 - 16:00

China Nonwovens Market Overview: Investment and Partnership Opportunities in Southeast Asia

Mr. Yang Chang Hui,

President, Guangdong Nonwovens Association (GDNA)

Mandarin
Session

Cutting-Edge Nonwovens Technology Showcase

16:00 - 16:20

Play to Your Strength: Optimizing Medical, Packaging, Agriculture & Industrial Nonwovens

Mr. Kamol Narula,

Managing Director, Narula Nonwoven Co., Ltd.

**All sessions below are conducted in English unless specified.*

**Simultaneous interpretation services : English & Thai , Mandarin & Thai (available in day 1) will be provided during the conference.*

**The conference grid is updated as of 30 October, 2024, ANTEX Asia reserves the right to change the programme without prior notice.*

**For more conference & speaker information, please access: <https://www.antexasia.com/conference-agenda/>*

ANTEX Asia Nonwovens Conference 2024

DAY 2 - 14 November, Thursday

Market Opportunities and Development on Nonwovens in Asia

11:00 - 11:30

Hong Kong Nonwovens Association - Enabling Global Collaboration in the Nonwoven Industry

Mr. Socrates Ng,

President, Hong Kong Nonwovens Association (HKNA)

Trend & Development for Healthcare/ Personal Care Nonwovens Market

11:30 - 12:00

Nonwoven in Diapers & Technology Innovation

Mr. Andrew Chen,

Senior Professor, Guangdong Nonwovens Association (GDNA)

12:00 - 12:20

Sustainable Elastic Waist Fixation in Diapers Using Ultrasonic Bonding Technology

Mr. Volkan Mayalidag,

Sales Director, Asia Nonwovens, Herrmann Ultraschalltechnik GmbH & Co. KG

12:20 - 12:40

Material Optimization in Hygiene Disposable Manufacturing

Mr. Anthony Lim,

Commercial Manager, Nonwoven, South-East Asia, Nordson Corporation

Shaping Nonwovens Together Towards Circular Economy

14:30 - 15:00

Sustainability in Nonwoven World

Thai Session

Mr. Viboon Pungprasert,

TNFA Member, Key Account Manager – Emerging Platform, PTT Global Chemical Public Co., Ltd

15:00 - 15:20

Eco-Friendly Packaging Solutions: Innovations for a Sustainable Future

Ms. Wendy Lam,

Founder, Ezygreenpak Limited

Cutting-Edge Nonwovens Technology Showcase

15:20 - 15:40

SAF™ - a Closer Look at the Unique Properties of this High Performing Super Absorbent Fibre

Mr. Paul Rushton,

Commercial Director, Technical Absorbents Ltd

15:40 - 16:00

Development Trend of Bico-components Nonwovens for Automotive in Southeast Asia

Ms. Lynn Hou,

Sales Director, Dalian Huayang New Material Technology Co., Ltd

**All sessions below are conducted in English unless specified.*

**Simultaneous interpretation services : English & Thai , Mandarin & Thai (available in day 1) will be provided during the conference.*

**The conference grid is updated as of 30 October, 2024, ANTEX Asia reserves the right to change the programme without prior notice.*
